

UCSB Multidisciplinary ME and ECE Capstone Projects Fair 2018

We are excited to introduce the proposed Multidisciplinary, ME and ECE Capstone Projects for 2018-19. All senior ME students and all interested senior ECE students are invited to attend. We have a wide range of projects for review and consideration and include Industry partnered, Research partnered, Student Competitions, and Independently created projects.

We are inviting all proposed project partners to introduce their projects, answer any questions, and meet with interested students and teams in a career fair environment. Please join us on this exciting day.

Thank you to our prospective partners:

SONOS

NORTHROP GRUMMAN

Medtronic

LARITECH, INC.
ODM SOLUTIONS
