Disagree Strongly Agree
1 2 3 4 5 6 7 8 9 10

The papers presented were not commercial?

1 2 3 4 5 6 7 8 9 10

Did any particular paper seem to be commercial?

GPR 2002 Survey

page 2

Any suggestions for the web page or the next conference's web page?

What was the most informative web page?

Was any information omitted that you expected to see on the web page?

I would be interested in attending a GPR tutorial or workshop in the odd years (non conference years) YES NO

General comments on the GPR 2002 conference:

Other questions:

What would happen to you if the use of GPR was banned by the FCC/NTIA?

What is the single most important item associated with GPR?

What is the your first consideration before using a GPR?

What frequencies or antennas do you use the most?

Do you generally make decisions based on field data or lab post-processed data?

When you purchased or designed your GPR what was the most important specification?

What is your application of GPR?
