REGISTRATION

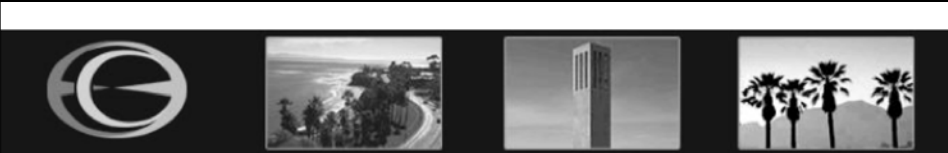

- GOLD System randomly assigns pass times (times when you're allowed to register for courses).
- ECE Department requires 12 units of registration per quarter.
- Be mindful of add and drop deadlines. This information is on GOLD.
- For those receiving financial support, you must be registered for 12 units before we can pay your fees and tuition.

The header of the first slide features a dark horizontal bar containing four elements from left to right: a stylized 'G' logo, a black and white photograph of a coastal road with palm trees, a black and white photograph of a tall, thin building tower, and a black and white photograph of several palm trees against a light sky.

REGISTRATION

- Students who wish to register for undergraduate courses must obtain an add code. In ECE, e-mail Val first and she will forward the e-mail to the undergraduate advisor.
- Other departments have different ways in handling add codes. Sometimes they have a wait list on GOLD. Sometimes instructors distribute the add codes.
- **Priority registration for undergraduate courses will always be given to undergraduates first.**
