Friday, June 5, 2026

1:00pm to 3:30pm

LOCATION

[Campbell Hall, UC Santa Barbara](#)

Mesa Road

Santa Barbara, CA 93106

PARKING

Visitor parking close to the event is available in [Lot 16](#).

EVENT INFO

The UCSB Engineering Capstone Design Project program offers undergraduates throughout the College of Engineering the opportunity to work in teams to solve real-world problems over the course of their senior year at UCSB. At the UCSB Engineering Design Expo, each of the Capstone project teams present and demo the products they have designed and developed, and showcase their creativity. This year's Expo will feature 30 projects completed by teams of Electrical and Mechanical Engineering students. A preview of each of the projects can be found [here](#). This is a great hands-on event for all ages, so bring the kids along as well. Hope you are able to join us for this exciting event!

EVENT SCHEDULE

1:00-3:00pm - Poster and Demo Session

3:00-3:30pm - Awards
